

# Home Energy Consultant

JOIN THE POWER OF TOMORROW

## The Position

At IGS Energy, we want to change the future of energy and we need passionate people to help us. As a full-time member of the residential field sales team, Home Energy Consultants (HECs) provide potential customers with expertise and education on a wide variety of energy products.

You can count on numerous opportunities for personal and professional growth as an HEC. With a supportive and collaborative environment, we provide the tools to help you succeed in generating business in your assigned territory.

We're looking for people who want to move up in the company, and in the world. We're not saying it will be easy. In fact, you will be challenged like never before. But the opportunities are endless and the rewards immense.

## the requirements

High school diploma or equivalent

Valid driver's license with good driving record

Reliable personal transportation

Auto insurance satisfying state minimum requirement

## the benefits

Competitive base salary  
+ commission

Generous paid time off

Comprehensive benefits plan

## ABOUT IGS

IGS is a leader in the energy industry advocating for an engaged society seeking positive change in the way customers manage and consume our energy resources. With over 25 years of experience, the company provides the following to over one million customers across the country: natural gas, electricity, and home protection products through IGS Energy; power generation solutions off the grid through IGS Generation; clean, domestic alternative fueling options through IGS CNG Services; and solar solutions through IGS Solar.
